Garment care that rises to the occasion.

For the embassies, residences and delegations of the 16th arrondissement: garments returned clean, fresh, on time and impeccably presented.

How it works

1. **An initial conversation**
   Your volumes, your timing, the garments concerned.
2. **A first order**
   Dropped off with us, or collected from you as an option.
3. **A settled routine**
   Regular or on request, as you require.

Professional rates that decrease with volume. Exclusive offers for your staff on their own garments.
